Forearm Forklift

By Above All Co.

Awarded
BEST NEW
PRODUCT OF
THE YEAR
by *Industrial*
Equipt. News

The patented Forearm Forklift is the easy way for two people to move heavy furniture and appliances. Simply cross the two straps, insert arms and carry with arms at a 45° angle.

- Easy on the back. Takes advantage of leverage, allowing anyone to easily move heavy items.
- Adjustable length.
- Makes easy work of maneuvering furniture and appliances up and down stairs.
- Won't scratch floors or get stuck like furniture dollies.
- Stores easily in a drawer. Can be carried in a pocket.

Move furniture without scratching floors

Moving heavy, awkward objects is a breeze!
