REPRESENTING:

by GardenRite Ltd.

**POTLEVEL** makes it easy to level pots, bird baths or garden ornaments. **POTLEVEL** simply swivels to adjust for any slope up to 8°.

**POTLEVEL** is made up of a top wedge and a bottom wedge, each with a series of guide numbers (0-8) printed along the outer edge. The wedges rotate, allowing adjustment to different thicknesses and providing a level surface for pots, bird baths and garden ornaments on any slope.

**Works with  
all types of pots**

**Before POTLEVEL**

**After POTLEVEL**

**Great for bird baths  
and garden ornaments**

- Simple to use.
- Durable UV-resistant polymer construction.
- Available in four colors: terra cotta, cement gray, charcoal and dark olive.
- 12" Diameter; suitable for pots and ornaments having a base from 7" to 14".
- Channels on bottom allow air to circulate.
- 500 lb. capacity.

**#PL20 Terra Cotta / #PL21 Charcoal / #PL22 Cement Gray / #PL23 Dark Olive**
