

Electronic Deer Repellent

Caring Control for Pets and Wildlife

5250

Features

- Unique patent-pending technology that attracts deer to posts with a lure scent
- Includes 3 posts covering approximately 1,200 square feet
- Electronics can be used year round since they are not affected by cold, heat, or rain
- Repellent delivers 400 volts (substantially less voltage than static shock) with virtually no amps (.01 Joules) to harmlessly repel deer
- Easy to assemble and install
- Safe to use where children and pets play
- Green posts naturally blend into garden or yard
- Two AA batteries (not included) will last over one year

Advantages

- An innovative solution that replaces the use of an electric fence as a deer repellent

Why List this Product?

- Broaden the offering of deer repellent products by providing consumers with a unique solution

Cross Merchandising Opportunities

- Spray Away: 5265
- Deer/Rabbit Repellent: 5200, 5201, 5202
